Dear Mr. BAucchus:

Re: Case # S. U. P. 09-2006CC

The undersigned is the owner of property immediately South and across Bolen Huse Road from subject proposed Tower Zoning.

I am a serious objector to this spot zoning for several reasons:

Spot zoning of this nature is to be considerable unacceptable for good planning.

A tower height of 195 feet is visually unacceptable to the neighbor hood.

Supporting lines are unattractive and unsightly.

This structure will cause suffer to property values.

Please see vicinity map attached. I have shown location of my interest and highlighted same in Yellow.

I thank you for allowing me to register this submission.

Sincerely,

  
Robert R. Fallis
